 Palette Matte Deep Space - White and Dark Grey
 Junior Girls colours -
 Palette Matte Desert Safari - Beige and either of the dark Browns

Application:

Moisturizing the skin before applying make-up will help it go on easier.

Using a dry sponge wipe on a **thin** even layer of foundation (Base). Make sure to blend it at the jaw line. Set with loose Powder using the brush.

With the foam tipped applicator apply eyeshadow - White or Beige to the eyelid and brow areas, Dark Grey or Brown to the crease extending at the outer edge in an upwards and outwards direction. Then apply Baby Doll Blush to the upper crease area between the other two colours.

Use the brush to apply Baby Doll Blush softly to the cheeks, start at the hairline and stop in line with the iris of the eye. Brush over colour both up and down especially at the hairline to ensure all edges are well blended.

Use the Eyeliner pencil to line under the eyes, ensure the line is below the lash line. Extend the line upwards and outwards at the outer edge.

Junior girls line the top lid as well, do not join the upper and lower lines. Then apply mascara to top lashes.

Senior/Intermediate girls apply Eyeliner to outer edge of top lid extending outwards and upwards, do not join the two lines. Glue false eyelashes to top lid.

Apply Lipstick either directly or with a brush.

Blot with a tissue.
